企业介绍Company Profile

徐工汽车是支撑徐工集团国际化、世界级“珠峰登顶”战略发展的核心支柱产业之一，2008年通过徐工集团战略并购南京春兰汽车制造有限公司成立，员工2000余人。拥有国内智能化程度最高、规模最大的现代化重卡制造单体工厂，具备年产6万辆重卡和8万台驾驶室的生产能力，是江苏省唯一国有自主品牌、唯一同时拥有传统燃料及新能源双资质的重卡企业。目前已形成牵引车、载货车、自卸车、搅拌车、专用车、非公路车辆、新能源汽车七大平台，产品齐全度行业领先。企业被认定为江苏省企业技术中心、商用车辆工程技术中心研究中心、工业设计中心，荣获徐州市市长质量奖、江苏省五一劳动奖状、国家管理创新成果一等奖、中国公益创新奖等奖项，荣登中国工业影响力百强榜单。自成立以来始终保持30%以上的规模增长，2020年营业收入迈上百亿台阶，稳居行业前九。面向未来，徐工汽车将全力推进千亿重卡产业集群战略，以龙头之姿挺起地方经济的重卡脊梁。

XCMG Auto is one of the core pillar industries supporting the internationalization of XCMG Group and the development of the world-class "Mount Everest" strategy. In 2008, the company was established through that XCMG Group strategic acquisitions Nanjing Chunlan Auto Manufacturing Co., Ltd., with more than 2,000 employees. It has the most intelligent and largest modern heavy-duty truck manufacturing single plant in China, with an annual production capacity of 60,000 heavy-duty trucks and 80,000 cabs. It is the only state-owned independent brand in Jiangsu Province and the only one dual-qualified heavy-duty truck company that has both traditional fuel and new energy certificates. At present, seven platforms have been formed for tractors, trucks, dump trucks, mixer trucks, special vehicles, off-highway vehicles, and new energy vehicles. The product range is industry-leading. The company was recognized as Jiangsu Enterprise Technology Center, Commercial Vehicle Engineering Technology Center Research Center, Industrial Design Center, and won the Mayor Quality Award of Xuzhou City, the May 1st Labor Certificate of Jiangsu Province, the first prize of National Management Innovation Achievement Award, and the China Public Welfare Innovation Award, etc. Award, topped the list of China's top 100 industrial influences. Since its establishment, it has annually maintained a scale growth of more than 30%. In 2020, its operating income had reached a level of tens of billions, ranking firmly among the top nine in the industry. Facing the future, XCMG will make every effort to advance the strategy of 100 billion heavy truck industry clusters, and stand up as a leader in the heavy truck backbone of the local economy.

牵引车 Tractor

牵引车系列产品系徐工重卡潜心打造，也是中国卡车行业新品导入最快、最成功的产品之一。技术方面,与国际领先技术资源全面合作，制造方面,采用国内最先进的智能化制造体系。产品的安全性、舒适性、可靠性、经济性显著领先于国内同类产品。已为中国高端物流市场平添了一道新的风景。

As the product with great concentration to develop, the tractor is the most successfully products among Chinese truck industry. In terms of technology, we cooperate with international cutting — edge technology, and equip with the most advanced and intelligent manufacturing system,which leads to higher safety, comfortability, reliability and economy efficiency, the products are standing out in the Chinese high — end logistics market.

自卸车 Dump Truck

新型工程自卸车优选潍柴、重汽、法士特、汉德等行业成熟资源,配合多功率转化功能,经济可靠,马力段由336马力上升至430马力,满足多种工程需求,关键总成件经CAE分析优化,并经过零部件台架试验、整车台架可靠性试验、强化路面试验等多重验证,疲劳寿命大幅提升,可靠性领先,能够适应各种特殊工况。

The dump trucks are equipped with Weichai and Sinotruk engine, Fast transmission, Hande axle, which are the most successful brand in each field. The horsepower is from 336HP to 430HP to meet multiple demands. Key assembly components are optimized by CAE analysis and verifications, such as parts bench test, vehicle bench reliability test and enhanced pavement test, which have dramatically improved the service lifetime and reliability, and the trucks can be applied to various working conditions.

搅拌车 Mixer Truck

徐工重卡在对搅拌车市场的实际需求进行了深入研究的基础上,狠抓产品设计,不断优化工艺技术,根据客户要求和实际需要,量体裁衣、推出差异化“私家定制”方案,贴身、贴心地满足客户对于轻量化、实用性等方面迫切需求。

We highlight product design and keep optimizing technology based on in-depth research on actual demand of mixer market. We promote differential personalized — customization solutions for customers to achieve their demands of lightweight and practicability closely.

随车起重机 Truck Mounted Crane

作为中国工程与特种车辆的旗舰品牌,徐工在起重机械领域具有不可撼动的霸主地位。徐工集团全球唯一实施专用车整体技术匹配研究的企业,专业独特的“1+1>2”的“底盘+上装”的研发、制造模式,是徐工独特的竞争优势。同时凭借徐工对工程类产品的更深层理解,双重优势叠加,徐工底盘随车起重机,将使徐工在专用车细分市场的龙头地位进一步巩固。

As a flagship brand of Chinese engineering and special—purposed trucks , XCMG is on an unassailable dominant position in hoisting machinery field, adopts the unique “ 1+1> 2” strategy and “chassis + superstructure” manufacturing mode to achieve our distinct competitive power. Through the deeper comprehension of the Construction Machineries, doubling the advantages, XCMG Truck Mounted Chassis/Crane makes XCMG further consolidated of the leading position in the subdivided market.

非公路矿用自卸车 Off-road Wide Body Dump Truck

徐工重卡非公路宽体自卸车,充分考虑了客户的产品诉求经
过不同施工环境,上千次高强度工业性考核后定型,通过了国
家军用试验场高性能实验、德国莱茵认证,拥有传统自卸车无
可比拟的复杂工况适应性,广泛适用于露天开采、水利施工、
港口短途运输、移山填海等施工工程。

XCMG fully considered the customer demands and finalize the configuration after thousands of high-strength industrial assessments in different working environments. Approved by military field testing and TUV certification, the performance is highly adaptive to all complicated working conditions that traditional dump trucks can not apply. Our trucks are widely used for surface mining, hydro-electric construction, port short-distance transportation, reclamation works or other construction projects.

洒水车、加油车

Watering Sprinkler 、 Fuel Truck

徐工洒水车、加油车，根据公路用和矿区用，匹配专用底盘，性能稳定，适应复杂工况，路面通过性强。可满足客户抑制扬尘、水资源转运、设备加油保障等各种需求。

XCMG watering sprinkler and fuel truck are matched with special chassis according to highway and mining area, with stable performance, adaptability to complex working conditions and strong road traffic ability. It can meet various needs of customers, such as dust suppression, water resource transfer, equipment refueling support, etc.

新能源车辆 E Truck

徐工新能源车辆是徐工重卡在详细调研市场需求、分析国内外主流竞品的基础上研发而成,整车部件进行了系统地优化匹配,轻量化、能量优化、成本优化,整车动力性和经济性处于国内领先水平。驾驶室造型美观大气,操控布局采用优异的人机工程学设计,驾驶更舒适。

The E-truck is developed based on marketing survey and analyzed the national and overseas industry trends. The structures are optimized systematically to achieve lightweight and to improve cost efficiency. The cab has elegant appearance, and the operating layout is based on the excellent man-machine engineering design, which conduce to higher comfortability and better driving experiences.

Load Container

20''x2/40''x1

载重(t)
Load Capacity

20T—50T

轴数
Axles

3

一般用途
General Use

2个20尺柜或1个40尺柜运输
Transportation of two 20"containers or one 40 "container

后翻自卸拖车 Rear—Dump Trailer

货箱尺寸
Cargo Size(mm) 9000—11600x2500x1900

斗容(m^3)
Cargo Volume 35 m^3 —50 m^3

载重(t)
Load Capacity 40T—80T

一般用途
General Use 煤炭、石料等中长途运输
Medium and long distance transportation of coal and stone materials

侧翻自卸拖车 Side—Dump Trailer

货箱尺寸
Cargo Size(mm) 9000x2500x1800
11600x2500x1900

斗容(m^3)
Cargo Volume 35—50

载重(t)
Load Capacity 60—200T

一般用途
General Use 煤炭、石料、土方等中长途运输
Medium and long distance transportation of coal, stone or sand materials

仓栏车

Live Stock Trailer

货箱尺寸 Cargo Size(mm)	9000x2500x1900 13000x2500x2000
------------------------	-----------------------------------

载重(t) Load Capacity	25—40
------------------------	-------

一般用途 General Use	小型设备、工地物资、 生活用品等运输 Transportation of small equipment, site materials, daily necessities, etc
---------------------	----------------------------------------------------------------------------------------------------------

粉罐拖车

Powder Tank Trailer

罐体容积(m ³) Tank Volume(m ³)	35—60
-------------------------------------------------------	-------

轴数 Axles	3
-------------	---

载重(t) Load Capacity	40T—80T
------------------------	---------

一般用途 General Use	颗粒、粉尘物料运输 Transportation of granular or powder material
---------------------	------------------------------------------------------------------
